

INVITATION

EuroAsia InterConnector Limited has the honour and the pleasure to invite you to a ceremony to mark a historical milestone of a project which will contribute to the integration of the European Electricity Network and put an end to the energy isolation of Cyprus, Crete and Israel.

More specifically, the research vessel which will be carrying out the reconnaissance survey to determine the preferred route of the subsea EuroAsia Interconnector cable, is ready to embark on its Great Mission.

The ceremony to mark the beginning of this important project will take place at the Port of Limassol on Wednesday, 20th January 2016, at 15:00. The event will be addressed by the honourable Minister of Energy, Commerce, Industry and Tourism of the Republic of Cyprus, Mr Yiorgos Lakkotrypis.

In the course of the ceremony you will have the opportunity to get some first-hand knowledge of the technology which will implement one of the most important “Electricity Highway” projects in the European Union.
