

PRESS RELEASE

Running season in full swing with 8th Quantum Klirou Atovrisi Challenge

Supported by EuroAsia Interconnector as part of Corporate Social Responsibility programme

Nicosia, March 20, 2019 – The running season is in full swing with the 8th Quantum Klirou Atovrisi Challenge taking place on May 5, 2019 for all runners of all ages taking part in the 4km and 12km runs, as well as the family run.

The event is organised by the running club [Dro.Me.A Racing](#) and is under the auspices of the amateur sports body KOEAS.

The Quantum Klirou Atovrisi Challenge is supported by the [Athanasios Ktorides Foundation](#), organisers of the Quantum Nicosia Marathon, and sponsored by the EuroAsia Interconnector as part of its Corporate Social Responsibility programme.

"We were delighted to support this event, organised by the Dro.Me.A. Racing Club, one of the foremost groups in the Cyprus amateur running calendar."

"As part of the EuroAsia Interconnector Corporate Social Responsibility programme, we strongly believe in the 'healthy mind, healthy body' spirit that was cultivated by our ancient philosophers and support events such as the 8th Quantum Klirou Atovrisi Challenge, as well as other events throughout this year."

Last year families, young children, cyclists and people who took part in such a competition for the first time.

This year's event, with the start and finish in the Klirou central square, includes the following events:

- 09:00 am: 12 km offroad race for 18y.o. and up, participation fee 12 euros
- 09:15 am: 4 km offroad race for 15y.o. and up, participation fee 5 euros
- 09:20 am: 400m children's race, free entry
- 09:30 am: Europa Donna Health Walk, free entry

The 8th Quantum Klirou Atovrisi Challenge aims to promote sports recreation throughout all society and among all ages, while it also has a charitable purpose, to support the work of the Europa Donna foundation.
